

Understanding the Concept of Scholarship

A Scholar or an Exhibitioner is:

an individual with a clear love of learning who

- works with real interest in class;
- applies herself to all tasks;
- is highly collaborative and co-operative with her teachers in the learning environment.

an individual with respect for learning who

- takes clear personal pride in all practical, written and oral work presented;
- demonstrates real enjoyment in working with her various teachers, responding swiftly and effectively to written and oral feedback on her learning;
- takes every opportunity to access knowledge and understanding through research, reading, discussion and participation in clubs
- fosters academic consideration of contemporary problems.

an individual with an ambassadorial role as a scholar in the School community who

- shares a passion for learning with her peers by demonstrating commitment in different learning and teaching contexts in school and indeed beyond if opportunities have been made available.

an individual with a passion for excellence, always striving for the highest possible standards who

- has shown the highest level of preparation and study for all types of assessment, research, tests, examinations and assignments.
